EXPERIENCE

Violence Prevention Program, Intern Atlanta, GA 2009 - 2010
Program is foundation run and incorporates community involvement to address concerns of violence prevention.

- Research, design, implement and evaluate school violence interventions in Spanish and English, resulting in organization securing additional funding.
- Use qualitative and quantitative skills to create, review and revise materials distributed to 10,000 community members.
- Identify violence prevention strategies and behavior change tools useful for working in multicultural groups and match appropriate tools to clients.
- Use collaboration, communication and behavioral theory knowledge to partner with multi-faceted team, which resulted in winning low-income community's buy-in for prevention program.
- Demonstrate leadership and social media abilities by facilitating community and online media participation in initiative, winning extended support from two local schools and securing 15 extra volunteers.

Athens Department of Public Health, Intern Athens, GA 2008 - 2009

- Created new instrument and adapted existing materials to survey reliably and validly measure knowledge, attitudes and behaviors that influence likelihood of teen sexuality.
- Displayed knowledge of school structure and effective persuasive skills by securing survey authorization and identifying five new organizations to support Department's efforts.
- Developed protocols and procedures to conduct focus groups, which impact
- Used analytical and written communication skills to successfully accomplish agency's mission.

University of Georgia, Resident Advisor Athens, GA 2006 - 2008

- Displayed advising, communication and organizational abilities as leader of 56 first-year students. Hall won annual community service award.
- Resolved conflicts, imposed discipline and created community standards resulting in improved resident grades.
- Headed initiative to partner with several residence halls to raise money for breast cancer research, resulting in raising over \$25,000, and winning University small group record for fundraising efforts.
- Demonstrated leadership, initiative and motivational skills by instituting exercise and healthy lifestyle programs, resulting in lower body-mass indexes and physically fit residents.
